Final Day for Entrance Exams Is Saturday

Only one more opportunity remains to take the entrance tests required of everyone who intends to enroll as a regular day student for the coming fall semester at Harbor College, William H. McMasters, Dean of Admissions and Guidance, warned today.

On Saturday, Sept. 3, beginning at 9 a.m., the entrance-guidance test schedule, which began last spring and continued throughout the summer, will be terminated.

Those who wish to take the 3 1/2 hour test Saturday should call the college immediately and make a specific appointment for this last date.

"Our accelerated test schedule has been made necessary by increasing enrollments and the impossibility of processing late examination papers by Sept. 13, the last registration date for day students for the fall semester," McMasters said.

Veterans attending evening college on veterans' bills are also required to take the examinations.

Shell Chemical Opens Two New Sales Offices

The synthetic rubber division of Shell Chemical Co. opened two new regional sales offices Monday as part of its expansion program, it was announced by J. P. Cunningham, general manager, at the division's headquarters in Torrance.

The Western district sales office will be located at 5230 Clark, Lakewood, and the Central district office in the Union Commerce Building, Cleveland, Ohio.

H. R. Nebeker Jr., and D. P. O'Connell have been named district managers at the new location. Nebeker, who will take the Lakewood assignment, is presently senior technologist in the product development section of research and development at Torrance. O'Connell will move up from his present position as senior technical salesman in Cleveland.

These new assignments follow closely Shell Chemical's recent announcement of plans to expand its production of polyisoprene, the chemical equivalent of natural rubber.

President of Seminary to Speak Sunday

Dr. C. Adrian Heaton, president of the Cealifornia Baptist Theological Seminary of Covina, Calif., will speak on "Treasure Hunt" at the 8:30 and 11 a.m. duplicate services on Sunday at the Calvary Baptist Church, 2318 Manhattan Beach Blvd. He will also speak at the 7:30 p.m. service on the topic "Believing Is Seeing."

After completing 12 years as director of the School of Christian Education at the Eastern Baptist Theological Seminary of Philadelphia, Dr. Heaton began his ministry at Covina, Dec. 1, 1959. The seminary is only 15 years old but already has provided ministers for one fourth of the American Baptist churches in Southern California.

From 1953 to 1955 Dr. Heaton served as president of the American Assn. of Schools of Religious Education, the accrediting body for institutions training professional leaders of Christian education.

The American Baptists have made him chairman of the Division of Christian Publication of the Board of Education and Publication. He is a contributing editor of "Christianity Today" and is co-author with his wife of a book on Biblical and developmental foundations of church school curriculum which was published by Judson Press in the spring of 1960.
